

**MAYORS FOR  
BOB MITCHELL**

---

Dear Neighbor,

As Mayors, we have known and worked with Bob Mitchell for years, and in some cases decades, and we know Bob is by far the best qualified to take Senator Taylor's seat in the Texas Senate.

We know his core values, which were formed right here in Southeast Texas and remain firmly rooted in community and family. That means when he says he will do something, he follows through. That sort of integrity is what leaders are made of.

He is also a hard worker and a go-getter, with unbounded energy to address concerns and build bridges between people, communities, and organizations. Bob is honest, straightforward, and has deep knowledge of the needs of this area, our families, and employers.

Bob has been instrumental in helping our coastal communities recover from hurricanes, and he worked closely with Sen. Taylor to lead the fight for the coastal barrier system that is crucial to the safety and security of our region and our state. And with Bob's appointment by Governor Abbott last year, he is working to build the coastal spine as Vice President of the Gulf Coast Protection District.

He knows the needs of our communities and how Southeast Texas works, and will do more to facilitate the needs of this area than anyone else running.

In his job as president of the Bay Area Houston Economic Partnership, Bob has been getting things done for decades. He is the only candidate who has worked to strengthen our education pipeline and bring high-quality jobs to our district, day-in and day-out.

Bottom line, Bob is a guy who solves problems and brings people together, and we need him to represent our cities and our district and be accountable to the people who call this district home.

Above all else, we can all count on Bob to put the people of our district first.

We guarantee you won't go wrong with Bob. Please join us in voting for Bob Mitchell, Republican Candidate for Senate District 11.

Signed,
